## multi-year guarantee annuity

Issued by Midland National<sup>®</sup> Life Insurance Company

Midland  
Advisory

### Issue ages

Available for issue ages up to 90.

### Tax deferral benefits

Funds grow on a tax-deferred basis, meaning no taxes are owed until you access them. This allows more time for growth potential. Work with your tax advisor to find out how this might work for you.<sup>1</sup>

### Legacy protection

Your beneficiary will receive the greater of the accumulation value or the minimum surrender value.

### Minimum premium amount

Minimum premium is \$50,000 for qualified and non-qualified. Additional premium is not accepted.

### Renewal and payout options

At the end of your guarantee period, you have 30 days to choose your next steps:

- 1) you can surrender your policy, free from penalties,
- 2) you can elect an available payout option, or
- 3) you can re-enter into a new 3-, 5-, or 7- year guarantee period.\*

Without action, your policy will be re-entered into the same guarantee period.\*

*\* Cannot renew into a guarantee period that extends beyond the maturity date. For full details on re-entry and maturity dates, see the product disclosure.*

### Surrender charges

There is a 3-, 5- or 7-year surrender charge period. During this period, a charge is assessed on any amount withdrawn that exceeds the available penalty-free amount. Surrender charges are a level 3.0% in each contract year.

### Market value adjustment (MVA)

Your contract also includes an MVA, which may decrease or increase your surrender value depending on the change in the market value adjustment external index rate.

Due to the mechanics of an MVA, surrender values decrease as the MVA external index rate rises. When the MVA external index rate decreases, the surrender value increases. The MVA, and the specific limits on your policy, are determined by your state\*.

*\* See the product disclosure and the Understanding the MVA brochure for more information.*

**Ask your financial advisor how an insurance product could fit within your overall portfolio.**

### Nursing home confinement waiver

*(not available in South Dakota)*

After your first contract year, if you become confined to a qualified nursing care center, as defined in the rider, you may withdraw up to 100% of your accumulation value without a surrender charge or MVA as long as you meet the eligibility requirements of this rider. If you withdraw 100% of your accumulation value, your contract will terminate. You cannot be confined at the time your contract is issued. This rider is automatically included with your annuity at no additional charge. If joint annuitants are named on the annuity, waiver will apply to the first annuitant who qualifies for the benefit, but not both.

### Penalty-free withdrawals

Beginning in year two, an amount up to the prior year's interest credited may be withdrawn without penalty. You may elect to receive interest withdrawal payments on a monthly, quarterly, semi-annual or annual basis, called a systematic withdrawal, these scheduled payments are penalty-free but must be at least \$50 each. IRS-required minimum distributions (RMDs) are not subject to surrender charges or market value adjustments. Withdrawals may be treated by the government as ordinary income. If taken prior to age 59 1/2, a withdrawal could also be subject to a 10% IRS penalty. Withdrawals will reduce your accumulation value accordingly.

### Advisory fees

You can authorize your financial advisor to take up to 1.0% of the accumulation value each year to pay advisory fees; these withdrawals will reduce the penalty-free withdrawal amount. Advisory fees on non-qualified multi-year guarantee contracts will be treated as normal distributions and taxed accordingly. Advisory fees on qualified contracts are not subject to taxes. Fees are treated as standard partial surrenders subject to surrender charges and market value adjustments to the extent they exceed any penalty-free partial surrender allowance available.

### Annuitization options

You can choose to receive annuity payments based on your choice of several annuity options. Once you elect an annuitization option, it cannot be changed, and all other rights and benefits under the annuity end. The payment amount and number of payments will be based on your annuity's surrender value\* and the annuitization option you choose. See the product disclosure for annuity options available.

*\* In FL, the payments are based on the accumulation value and the annuitization options may be limited.*
